IS YOUR DATA SAFE?

Keeping your data safe is serious business.

Imagine losing all your important files. Everything from customer information, your accounting programs, to email correspondence.

How would your business function? Today's computer systems are critical to your business's success. Each system on your network is vulnerable to malicious attacks or an internal hardware failure.

Connecting Point, Inc. offers individual system maintenance as well as monthly scheduled maintenance plans. We can help create a backup plan for your business, remove malicious software and help protect your business from disaster.

Onsite, in-house and remote services are available.

Contact us today for more information.
